

Surveyor – GIS Technician

Hancock County Surveyor

317-477-1150

surveyor@hancockcoingov.org

The **Hancock County Surveyor** has an entry level opportunity for an individual desiring experience in the land surveying and GIS fields. The position may be filled by 1) a college student as an intern or 2) a college graduate in a full-time capacity. The minimum job requirements include:

1. Two years college level studies in geography, GIS, land surveying, or similar disciplines.
2. Basic working knowledge of GIS hardware, software (ESRI – preferred), and components, and able to apply such knowledge to a variety of interrelated tasks.
3. Better than average working knowledge of the English language and able to effectively communicate orally and in writing.
4. Able to make arithmetic calculations in algebra and geometry.
5. Drug Free Work Environment
6. Valid driver's license
7. Outdoors work is required. Good physical health (doesn't readily get poison ivy or have serious respiratory conditions-asthma, allergies, etc.)
8. Good personal hygiene.
9. United States citizen or holder of "green card." Encourage local residency.

Contact the Hancock County Surveyor's office for further information.

Note: This position can remain open until classes end in May, 2006. Excellent entry level opportunity.
